

# EQUALITY MAMA!

by Andy King of Family Men

①

Excuse me girls, I don't mean to be rude  
But I don't understand your attitude  
First it's love but sooner or later  
You treat me like a sperm donator

You take my money, then you're out the door  
I don't have no kids no more  
This just don't seem right to me  
How about some of that equality

*Equality*  
*Yeah mama, equality*

\*\*\*\*\*

②

Two sons and a daughter I raised  
I don't get to be with them these days  
Their mothers had some God-given right  
To abduct and abuse them day and night

To steal from them their father's devotion  
And control them with pre-menstrual emotion  
And rob them of the right to be free  
In the name of Equality

*Equality*  
*Yeah mama, Equality*

\*\*\*\*\*

③

Does this mean I should behave like you's  
And join in with your sickening abuse  
1 in 6 children in Ireland today  
Half their lives stolen away

Countless thousands of young hearts split  
By this feminist dictatorship  
And would you please explain to me  
This thing that you call equality

*Equality*  
*Yeah mama, Equality*

Yeah mama, the tide is turning  
We're gonna end your tyranny  
Yeah mama, are your ears burning  
[Yeah mama, you better start learning]  
Gonna set my children free

\*\*\*\*\*

④

Does it make you feel good inside  
To see men driven to suicide  
And the destruction of their children's lives  
By their selfish and misguided wives

Thrown from their homes  
Condemned to be slaves by corruption  
That masquerades as justice  
D'you call this justice?

*Yeah mama*  
*Gonna show you some justice*  
*[Huh! Family Law's not justice]*

*Yeah mama, the tide is turning*  
*We're gonna end your tyranny*  
*Yeah mama, are your ears burning*  
*[Yeah mama, you better start learning]*

*Gonna set my children free*

*Gonna set my children free*
